

Open Air Area - factsheet

Measures and technical features

Length 1:	117.23 m
Width 1:	98.13 m
Length 2:	96.39 m
Width 2:	112.59 m
Surface area:	11,148.78 sqm

In direct proximity to the producers' area and Studio 8, the area is connected to nobeo's utilities infrastructure (water, power supply) and technological features. The direction of a production is realised in one of nobeo's studios or OB truck, which is why nobeo is known for spectacular sets and outdoor shots.

The car park in front of the open air area can be used for additional structures, events or concerts and provides space for up to 4,000 persons.

Production and editing offices, make-up rooms, wardrobes and lounges for viewers and visitors in extremely close proximity.

Large parking facilities for team and viewers in close proximity.
