Due to our technical production network studio 2 could be operated with our HD direction 1 or our OB truck nobeo1. In addition, every direction benefits from direct access to our postproduction unit, allowing us to process an efficient tapeless workflow.

Foyer (300 sqm) with ample sanitary installations, wardrobes etc.

More than 13 side and guest rooms, production offices in the building

2 make-up rooms and additional mobile make-up facilities

Large parking facilities for the team and viewers in close proximity
